Operation of Motor Vehicle Carrier	) CERTIFICATE

This matter comes before the Public Service Commission of South Carolina (“Commission”) on a request for expedited review of All My Sons Moving & Storage of Charleston, Inc. (“All My Sons” or the “Applicant”) to expand the scope of its Class E Certificate of Public Convenience and Necessity No. 9792. Specifically, All My Sons seeks to increase its operating authority from Berkeley, Charleston, and Dorchester Counties to statewide authority. To support its request, the Applicant has provided the deposition testimony of shipper witnesses Richard Ashley Haynes and William J. Guscio, both real estate brokers, who each state a need for additional movers in South Carolina. The Office of Regulatory does not object to either expedited review of this matter or the request for expanded statewide authority.

Based upon review of the matters asserted in the present request, the Commission is of the opinion that All My Sons has shown a need for additional movers in the area where expanded authority is sought and believes the relief sought by the Applicant should be approved.

IT IS THEREFORE ORDERED:

1. That the relief sought in the request for modification of Certificate of Public Convenience and Necessity No. 9792 of All My Sons Moving & Storage of Charleston, Inc. by changing the scope of operating authority from between points and places in Berkeley, Charleston, and Dorchester Counties to statewide authority is approved.

2. That said approval is for a change in the area to be served as authorized by such Certificate, but does not otherwise authorize any change in the operation of the regulated services.

3. That prior to compliance with statutory and regulatory requirements and the receipt of such amended Certificate, the modified motor carrier services authorized by such Certificate may not be provided under the amendment approved herein.

4. That this Order shall remain in full force and effect until further Order of the Commission.
